Spectacular building plot with project at the bay of Cala Llobards

This unique plot is located in a spectacular location directly on one of the most popular beaches in Mallorca, at Cala Llobards. A high-quality construction project has already been approved on the 1,172 sqm plot with its rich pine population, which has already expired, but could be relayed by the buyer. Due to the optimal slope of the property, you can enjoy a wonderful view of the Cala Llobards in your new home.
